

TANNU

Web Developer

Noida, India • 7455006918 • tannu6918@gmail.com • github.com/tannu6918 • linkedin.com/in/tannu-470480319

SUMMARY

Full-Stack Web Developer with a B.Tech in Computer Science (2025) and hands-on internship experience building and deploying production-style web applications. Comfortable across the stack: React front ends, Node.js/Express and Python (FastAPI, Flask) back ends, and MongoDB/MySQL data layers. Shipped 8+ full-stack projects and dashboards, integrated REST APIs, and used AI-assisted tools (OpenAI, Cursor) to speed up development without sacrificing code quality. Deployed live apps on Netlify and Vercel. Looking to bring strong fundamentals in responsive UI, API design, and database-backed applications to a product engineering team.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Python, HTML5, CSS3, SQL

Frontend: React.js, Tailwind CSS, Bootstrap 5, DOM Manipulation, Responsive/Mobile-First Design, GSAP, Three.js

Backend: Node.js, Express.js, Flask, FastAPI, REST API Design, Streamlit

Databases: MongoDB, MySQL, Schema Design, CRUD Operations

Tools & DevOps: Git/GitHub, VS Code, Linux, Netlify, Vercel, Postman

AI-Assisted Development: OpenAI API, Cursor, Blackbox, Gamma, Adobe Firefly

Practices: Agile/iterative development, debugging & performance optimization, cross-browser testing

EXPERIENCE

Web Designer Intern | Asian International University, Ghaziabad

Jan 2026 – Present

- **Built** responsive, cross-browser websites using HTML, CSS, Bootstrap, and JavaScript, improving page load times and overall front-end performance.
- **Designed** clean, user-friendly UI layouts for real-time front-end projects, translating stakeholder requirements into functional interfaces.
- Collaborated with the design team to maintain consistent branding and usability across multiple live projects.

Python Full-Stack Development Intern | LinuxWorld, Jaipur

Jun 2025 – Jul 2025

- **Developed and deployed** full-stack applications using Python, FastAPI, Flask, Node.js (Express), and Streamlit, taking projects from design through deployment.
- **Designed and implemented** MongoDB and MySQL databases, optimizing schema design for efficient data storage and retrieval.
- **Built** interactive dashboards and REST API integrations, debugging and tuning backend performance under mentorship.
- **Applied AI-assisted tools** (OpenAI, Cursor, Blackbox, Gamma, Adobe Firefly) to automate repetitive tasks and accelerate the dev workflow.
- **Deployed** applications on Netlify and Vercel, ensuring scalable, publicly accessible hosting.

PROJECTS

Plant Store E-Commerce Website — HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

- Built a full e-commerce site with a product catalog, shopping flow, and database-backed order management system.

Outfit Aura — Boutique Web App — React, Tailwind CSS

- Built a responsive boutique website featuring a virtual try-on flow and user authentication.

AudioTextConverter — Python, Streamlit, pytsx3, SpeechRecognition

- Built a web app for real-time text-to-speech and voice-to-text conversion with a Streamlit interface.

JS Media Recorder — HTML5, JavaScript, Node.js, Express, Multer, Nodemailer

- Built a browser-based media recording tool with file upload handling and automated email delivery.

ToGoodCo & Cubarto Marketing Websites — HTML, CSS, JavaScript, GSAP, ScrollTrigger, Three.js

- Built animated marketing websites using scroll-based interactions and 3D visual effects to boost engagement.

University & Business Microsites — HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

- Delivered multiple database-backed microsites, including a corporate bulk-order form with backend validation.

Recipe Finder App — HTML, CSS, JavaScript, Third-Party API

- Built a recipe search app powered by a third-party API with dynamic, client-side rendering of results.

EDUCATION

B.Tech in Computer Science, J.P. Institute of Engineering and Technology, Meerut

Aug 2021 – Jul 2025

Affiliated with Dr. A.P.J. Abdul Kalam Technical University • Coursework: Data Structures, Algorithms, Web Development, Database Management

Intermediate, Maulana Azad Inter College, Meerut

2019 – 2020

High School, Meri Gold Inter College, Meerut

2017 – 2018

CERTIFICATIONS

- **JAZBAA 4.0 Certificate – Global Edition** (LinuxWorld): Hands-on internship program focused on problem-solving, teamwork, and industry-ready development skills.
- **Python Full-Stack Development Training** (LinuxWorld): Training in frontend (HTML, CSS, JavaScript, React, Streamlit) and backend (Python, FastAPI, Flask, Node.js, Express) development.
